

# BACHELOR OF ARTS

A Tohu Paetahi Aronui—Bachelor of Arts (BA) from Te Wāhanga Aronui—the Wellington Faculty of Humanities and Social Sciences encourages you to explore a range of subjects in order to discover your passions and develop a truly broad base of learning.

The BA will give you insights into cultures, languages, art, history, politics, and societies that will challenge your thinking and expand your view of the world. Victoria University of Wellington is well known for its strengths and breadth in the humanities and social sciences.

The Faculty is ranked in the top 1 percent in the world (QS World University Rankings) and ranked first in many fields in the New Zealand university research rankings (Performance-Based Research Fund Quality Evaluation).

Taking a BA will give you a set of skills highly valued by employers. These skills include analytical and critical thinking, building relationships, problem-solving, self-management, teamwork, and verbal and written communication. If you want to enhance your employment prospects, our FHSS Internship course (see page 169) is designed to give you an appreciation of the current and changing nature of New Zealand's workforce.

The BA at our globally ranked capital-city university offers international opportunities. Wellington is the centre of politics, the base for foreign embassies and the public service, and the home of archives, libraries, and museums. Wellington is also a vibrant centre of creativity and an exciting city to study in—it is rich in music, theatre, art, and heritage, and is home to thriving digital and film industries.

We recommend that you try a range of subjects to find out what interests you—our BA allows you to study up to three majors in your first year. You can include a second or third major or minor from either the BA or another Bachelor's degree.

Combining the BA with another degree, such as the Bachelor of Commerce, Bachelor of Communication, Bachelor of Health, Bachelor of Laws, or Bachelor of Science, gives you a broader view of the social world in which we live.

## CAREER OPPORTUNITIES

We encourage you to choose subjects that interest you so you can enjoy the learning journey and the career paths this opens. Bachelor of Arts graduates are employed in every part of the workforce. Universities New Zealand research found that arts graduates will earn an average of \$1 million to \$1.3 million more than non-graduates over their working life. Whether it be as an aid worker, artist, criminologist, diplomat, journalist, librarian, market researcher, policy analyst, social worker, teacher, or translator, a BA is suited to hundreds of careers. Graduates who want to position themselves for a career of their choice will have the opportunity to engage in a number of courses and programmes exclusive to Victoria University of Wellington.

- ▶ Music Technology
- ▶ New Zealand Sign Language
- ▶ Performance
- ▶ Popular Music Studies
- ▶ Social Policy
- ▶ Text Technologies

## DEGREE REQUIREMENTS

Three years of full-time study.

A total of 360 points is required:

- ▶ at least 240 points must be from courses listed for the BA
- ▶ at least 80 points must be from 100-level courses listed for the BA
- ▶ a maximum of 180 points must be at 100 level
- ▶ at least 180 points must be at 200 and 300 level
- ▶ at least 75 points must be at 300 level and from courses listed for the BA.

You must satisfy the requirements for at least one major subject (from the table on the left).

Many students elect to take two majors, the second of which can be from any undergraduate degree at the University, as long as the first major is from Part A of the BA (those subjects not marked with §).

A maximum of 120 points may be credited to the BA from courses listed for the second major if it is not listed in the table (when included as a major for a BA). If your first major is from Part B (the subjects in the table that are marked with §), your second major must be from Part A (not marked), and your degree must then include at least 180 points from courses listed for the BA (rather than 240).

### Other important information

Each subject has specific courses you need to take to meet the requirements of a major and involves in-depth study to 300 level. If you are not sure which subject to choose as your major, you can include a number of different options in your first year, and make a more specific choice in your second year. Most students major in two subjects in the BA. A BA double major is achieved by completing the full major requirements for two subjects. Your degree certificate will say 'Bachelor of Arts in X and Y'.

Bachelor of Arts students may also select a second major or minor in undergraduate subject areas offered for the BA or from another faculty.

For more information about minors, see page 43.

## MAJOR REQUIREMENTS

It is recommended that you apply for admission as soon as possible (see page 22 for details).

The requirements listed below are the requirements to complete a major; degree regulations are listed in the University's *Calendar*.

In most cases, but not all, the courses listed under (a) of the major requirements below are what you need to take in your first year. To find out details of what a particular course is about and when it is timetabled, look in the subjects and courses pages (from page 137).

“Studying for a Bachelor of Arts has helped me think critically and creatively. I’ve developed and changed so much since starting my studies, and I’ve truly discovered how capable I am. A Bachelor of Arts degree is so flexible and there are plenty of opportunities to try new things, which is so much fun.

“Studying in Wellington, right next to the centre of government, has really benefited me while I’m studying Māori Studies and Māori Resource Management. I’ve learnt so much about

where I come from and my history through my degree, and I look forward to using my qualification to help my iwi grow.”
