SCIENCE

Biological, Earth Sciences, and Environmental Science courses with field trips

COURSES	FIELD TRIP COMPONENT	TYPICALLY OFFERED
ESCI 111 The Earth System: Understanding our Dynamic Earth and Environment	One-day field trip	Trimester 1
ESCI 112 Earth Science for a Changing Planet	Half-day field trip One-day field trip	Trimester 2
ESCI 202 Sedimentology and Palaeontology	One-day field trip Two-day field trip	Trimester 1
ESCI 241 Introductory Field Geology This is a 10-point course and has limited entry.	Eight-day field trip (field course/block course)	Trimester 1 Before start and during mid-trimester break
ESCI 301 Global Change: Earth Processes and History	Weekend field trip	Trimester 1
ESCI 302 Tectonics and Structural Geology	Two one-day trips	Trimester 2
ESCI 341 Sedimentary Field Geology This is a 10-point course and has limited entry. Begins early February.	Eight-day field trip (field course/block course)	Trimester 1 Before Trimester 1 start
ESCI 342 Structural Field Geology This is a 10-point course and has limited entry.	Six-day field trip (field course/block course)	Trimester 1 Before Trimester 1 starts
ESCI 344 Field Geophysics This is a 10-point course and has limited entry.	Five-day field trip (field course/block course)	Trimester 1 Mid-trimester break
GEOG 325 Research Project: Fieldwork and Analysis Only for full-year students starting in Trimester 1. Students must also take GEOG 324 in Trimester 1.	24 and 36 hours of teaching time on the field trips	Trimester 1 and 2

Note:

- ▶ Some field trips will incur an additional cost.
- ▶ Some field trips occur before the start of the trimester. Student visas are valid one month before the official start of the study trimester.
