Ngā Puhipuhi o Te Herenga Waka—Victoria University of Wellington Art Collection, purchased 1984

Robyn Kahukiwa is a staunch defender of Māori rights and the power of wāhine. This work was one of eight painted for the *Wāhine Toa* exhibition celebrating the women of Māori mythology, which toured Aotearoa New Zealand in 1983. The painting was purchased for the University's art collection in 1984.

In *Wāhine Toa*, Kahukiwa presented her vision of Māori mythology, bringing powerful women to the fore in traditionally male-centric narratives. The works from the exhibition were also made into a book, *Wāhine Toa—Women of Māori Myth*, with text written by Patricia Grace (Ngāti Toa, Ngāti Raukawa, Te Āti Awa). This painting describes the legend of Murirangawhenua and the gift of her magical jawbone to her mokopuna Māui. Murirangawhenua gave this enchanted gift not just to Māui but also to all her descendants. Māui used the jawbone as a patu to help slow the sun in its journey across the sky and as a fishhook to fish up Te Ika-a-Māui, the North Island.

Robyn Kahukiwa was born in Sydney, Australia. After training as a commercial artist, she moved to Aotearoa at the age of 19. A strong commitment to political issues characterises Kahukiwa's art. Her work reflects a concern for the cultural identity of the Māori people of Aotearoa and seeks to celebrate and affirm that identity. Kahukiwa has been exhibiting nationally and internationally for more than 50 years and has works in major museum collections worldwide. In 2011, Kahukiwa received the Te Tohu Toi Ke Te Waka Toi Māori Arts Innovation Award from Creative New Zealand. Her paintings have been included in numerous exhibitions, including *Toi Tū Toi Ora* at Auckland Art Gallery Toi o Tāmaki in 2021.

Murirangawhenua is one of four works by Kahukiwa in Ngā Puhipuhi o Te Herenga Waka—Victoria University of Wellington Art Collection. It was on loan to the Sharjah Biennial and Tai Kwun Contemporary in Hong Kong in 2023. In 2024, it will be on loan again as part of a re-presentation of *Wāhine Toa: Women of Māori Myth* toured by the New Zealand Portrait Gallery Te Pūkenga Whakaata and Te Manawa Museums Trust.

Te Herenga Waka—Victoria University of Wellington

Te Herenga Waka—Victoria University of Wellington’s distinctiveness and identity are founded on its history, location, excellence in research and teaching, and commitment to making a prominent contribution to its local and global communities.

Being part of the nation’s capital furthers the university’s commitment to a distinctive sense of place, and its 125-year history—celebrated in 2022—is reflected in the English name of the university. Wellington city is home to much of New Zealand’s archived arts, heritage and cultural taonga, is the seat of government and the judiciary, and an important base for government ministries, non-government agencies, business, iwi, research organisations, cultural and environmental organisations, and the diplomatic community. The University’s staff and students benefit from, and also create, partnerships and innovative opportunities that contribute to the city’s identity, including its reputation as a hub for creativity and entrepreneurship.

Having Te Herenga Waka marae at its heart underpins the University’s bicultural identity, and the marae also provides the university’s te reo Māori name, meaning ‘the mooring post of canoes’. At Victoria University of Wellington, the traditions associated with civic and capital city universities are realised in conjunction with honouring Te Tiriti o Waitangi and Mātauranga and Te Ao Māori as core to everyday operations and life. The centrality of Te Herenga Waka marae links the University community to the ancestors of the land we are situated on and ties the university to the iwi of Aotearoa and to the wider Pacific. Symbolically, the marae and wider University are spaces where everyone, no matter where they are from, can ‘hitch their canoe’ and belong.

Our university ranks in the top 1 percent of the world’s more than 18,000 universities for 15 subjects and in the top 2 percent for 28 subjects in the QS World University Rankings. It is New Zealand’s top-ranked university for intensity of high-quality research—the only university to twice top the country’s main measure of research excellence. That strength underlies the rigour of our teaching and engagement.

The University has nine faculties, eight of which conduct teaching and research: Architecture and Design Innovation; Education; Engineering; Health; Humanities and Social Sciences; Law; Science; and the Wellington School of Business and Government. The Faculty of Graduate Research facilitates postgraduate research at the University.

The University operates from several sites. The original Kelburn campus provides the full range of student support and administration offices and is home to the Kelburn Library and the faculties of Education; Engineering; Health; Humanities and Social Sciences; and Science.

Te Aro campus, in the central city, houses the Faculty of Architecture and Design Innovation.

The Pipitea campus, in the heart of Wellington’s legal, government, and business district opposite New Zealand’s Parliament, comprises the Faculty of Law and the Wellington School of Business and Government.

Other facilities include the Wellington University Coastal Ecology Laboratory, the Miramar Creative Centre in the city’s film district, and the Gracefield Innovation Quarter, in Lower Hutt.

The University also has premises in Auckland and teaches internationally, offering commerce, computer science/engineering, science, intercultural communication, and Teaching English to Speakers of Other Languages (TESOL) courses in China, Malaysia, and Viet Nam, and postgraduate courses in nursing, midwifery, and health in Sāmoa.

Strategic Plan

Confirmed by Council, October 2019

The University's 2020 Strategic Plan sets out the following goals for the University.

Vision

To be a world-leading capital city university and one of the great global–civic universities.

Heritage and position

Founded in 1897 as a civic university in support of Wellington and embedded in a constitutional fabric framed by Te Tiriti o Waitangi. Now positioned as Aotearoa New Zealand's globally ranked capital city university.

Values

Our core ethical values are respect, responsibility, fairness, integrity, and empathy. With, and as, tangata whenua, we value Te Tiriti o Waitangi, rangatiratanga, manaakitanga, kaitiakitanga, whai mātauranga, whanaungatanga, and akoranga.

Purpose

Our shared purpose is research, teaching, and engagement that transforms lives.

Iho and distinctiveness

We are a global–civic university with our marae at our heart. This iho (essence) is further defined by our heritage and by our tūrangawaewae—in particular Wellington, Aotearoa, and the Asia–Pacific. Our unique attributes stem from our values and our capital city location.

Strategies

1. Ambitious research for transformative impact
2. Education preparing students for an extraordinary life
3. Equitable outcomes for all
4. Engagement that deepens relevance, impact, and reputation
5. Belonging to the Asia–Pacific region
6. Transforming the way we work.

Victoria University of Wellington Foundation

www.wgtn.ac.nz/foundation

The Foundation was established in 1990 as a registered charitable trust. It is registered with Charities Services (registration number CC10288) and listed as a donee organisation by Inland Revenue. Its purpose is to raise funds for projects that the University has identified as priorities but that cannot be funded out of the University's budget, as well as to receive donations, sponsorships, and bequests for projects identified by donors. Donations are sought from corporate and public sector sponsors, alumni and friends, and community trusts and foundations.

Te Rōpū o te Kura Wānanga o te Ūpoko o te Ika a Māui—the Victoria University of Wellington Students' Association (VUWSA) operates independently from the University and is free for all students of the University to join. Because it is student-led, student ideas shape everything it does. The VUWSA executive consists of 10 elected students who are responsible for the direction and governance of VUWSA. The executive, and more than 1,400 class representatives and Faculty delegates, are committed to making sure student voices and opinions are heard at all levels of the University.

- (a) Any student who wishes to withdraw from a course in which they are registered must apply using the process defined on the University's website (*see* <https://www.wgtn.ac.nz/students/study/course-additions-withdrawals>).
- (b) A student may withdraw from a course at any time during the first three-quarters of the teaching weeks.
- (c) Withdrawals after the date in 4.2(b) require the approval of the relevant Associate Dean. An Associate Dean will not normally approve such a withdrawal unless satisfied that:
 - (i) there are medical or personal circumstances applying after the specified date for withdrawals that have seriously affected the student's ability to complete the course; and
 - (ii) either there is evidence of satisfactory progress in the course up to the specified cut-off date for withdrawals, or the absence of such evidence is due to adverse medical or personal circumstances.
- (d) Only in exceptional circumstances may a student withdraw from a course—
 - (i) after the last day of the official examination or assessment period for the trimester in which that course was held; or
 - (ii) if the student has sat the final examination or submitted the final item of assessment for that course;
 —and in no case may a student withdraw after one trimester has elapsed since the course ended.
- (e) Where an associate dean has declined an application under 4.2(c) or (d) above to withdraw from a course, the student may appeal in writing to the Deputy Vice-Chancellor (Academic) within four weeks of being notified of the associate dean's decision. This period may be extended by the Deputy Vice-Chancellor (Academic) in special cases.

Note 1: Withdrawal dates may be found in the Key Dates section of the University Calendar and on the University's website (search on 'dates'). If in doubt, contact the relevant Tītoko Student Success team.

Note 2: Information on fees refunds is available in the Fees Policy and on the University website <https://www.wgtn.ac.nz/students/study/course-additions-withdrawals>

Note 3: Withdrawals can have significant impacts on students' eligibility for loans and allowances (including retrospectively). The associate dean should advise the student to seek advice on the

non-academic implications of late withdrawals. Students are responsible for making themselves familiar with the implications. Advice may be sought from Student Finance or from StudyLink.

5 Definitions

In these Regulations, unless the context otherwise requires, the following definitions shall apply:

Associate dean:	The associate dean in the relevant faculty who has been allocated responsibility for the decision. For the purposes of these regulations, the deputy dean in the Faculty of Law is considered to be an associate dean.
Course	An individual unit of study towards a qualification. A course is identified by a course code and title, carries a specified points value and is listed on a qualification schedule.
Course coordinator:	The person (normally an academic staff member) with overall responsibility for a course, including the development and delivery of teaching material, and the design and implementation of assessment.
Personal programme of study	A particular combination of courses selected by an individual student.
Programme of study	A set of courses a student undertakes towards a qualification or a component of a qualification such as a major. The required courses are specified in the relevant qualification regulations.
Registered in a course	A student is registered in a course when they have been offered a place in a specific offering of the course and paid the associated fees (or arranged for the fees to be paid).
Thesis	The outcome of independent research, scholarship, and/or creative activity conducted under academic supervision and having a value of 90 points or more. For works of design, creation, or performance, the work should include a written commentary. A research portfolio is a type of thesis.

Academic Progress for Continued Registration Procedure

1 Purpose

This procedure outlines the processes to be used when reviewing a student's academic progress under section 12.2 of the Admission and Enrolment Regulations. The intention is to ensure appropriate support is in place and to manage the student's course registration to assist them to succeed in their study.

2 Application of Procedure

This procedure applies to staff members and coursework students at all levels from pre-degree to postgraduate study.

Procedure Content

3 Academic progress during a trimester

During a trimester, student engagement and achievement information, where available, will be used to identify students at risk of not achieving academic success in their current courses.

At-risk students will be contacted by the relevant staff and, together, develop a student success plan that includes appropriate learning support, and other services with the aim of improving their academic achievement.

4 Academic progress at the end of a trimester

Under section 12.2 of the Admission and Enrolment Regulations a student who has passed fewer than half (50 percent) of the points undertaken in their latest trimester of study will have their registration reviewed by the relevant associate dean who may make recommendations to the student, place requirements and/or restrictions on the student's registration or recommend to the Deputy Vice-Chancellor (Academic) that the student be suspended.

Note: The associate dean may sub-delegate aspects of their responsibilities to another staff member or group of staff members in accordance with the Delegations Statute (see <https://www.wgtn.ac.nz/about/governance/delegations/sub-delegation>).

Students are expected to engage with the support and advice offered as part of the academic progress review and are encouraged to seek support and/or advice from the relevant student services.

4.1 Academic progress reports

- (a) Academic progress report(s) will be run as soon as practicable after the grade entry deadline at the end of each trimester.
- (b) The Restriction Review Report is a list of all students who have passed fewer than half (50 percent) of the points they undertook in their latest trimester of study. The report will identify students who have submitted applications for aegrotats, fees reconsideration, and/or associate dean's withdrawal, and include the date on which any changes were made to course grades or applications for aegrotats, fee reconsideration or withdrawals were submitted.

- (c) Further reports may need to be run to identify students where these and other academic processes result in late grades or grade changes being entered.
- (d) For each student listed on the Restriction Review Report, a case will be automatically created in the Student Relationship Management System (Kurawai) and assigned to the relevant staff member(s) (the “owner”).
- (e) The Improving Academic Performance Report is a list of all students who were restricted in the trimester for which the report is being run but who passed at least half (50 percent) of the points they undertook in that trimester. The report will include the number of previous trimesters that each student was restricted and list all previous restrictions, requirements, and recommendations for each student

4.2 Review by associate dean

- (a) The relevant associate dean will review each student on the Restriction Review Report.
- (b) The review will include consideration of the following:
 - (i) any provisions relating to academic progress in the relevant qualification regulations;
 - (ii) whether the student’s performance was affected by serious medical or personal circumstances, and if so, whether those circumstances have now improved;
 - (iii) the student’s overall performance in their study to date;
 - (iv) whether a substantial period (at least two years) has elapsed since the student’s last registration; and
 - (v) the history of the student’s engagement with any previous academic progress recommendations or requirements.
- (c) Where the student has been restricted for their last two (or more) trimesters of study, the associate dean may recommend to the Deputy Vice-Chancellor (Academic) that the student be suspended (see section 7).
- (d) Otherwise, the associate dean may:
 - (i) make a recommendation to the student;
 - (ii) place requirements on the student;
 - (iii) restrict the number of points the student may register for in their next trimester of study; and/or
 - (iv) place other constraints on the student’s enrolment; or
 - (v) decide not to impose any constraints or requirements.
- (e) The recommendations, requirements and restrictions in the decision must be consistent with the provisions in section 6.
- (f) If a student is enrolled in a programme of study across faculties, then the relevant associate deans should confer before any decision is made.
- (g) If a student is enrolled in a postgraduate coursework programme, then the associate dean should consult the relevant programme director before any decision is made.

- (h) Details of the review (including the decision) must be recorded in Kurawai.
Note: Detailed information about the process for recording this in Kurawai is being developed
- (i) The associate dean may require the student to meet (in person or virtually) to discuss their individual circumstances.
- (j) After the meeting, the student should be notified of the decision in accordance with section 5 below.
- (k) Other student services and specialist advisers (such as Wellington University International, Disability Services, Āwhina and Pasifika Student Success) should be notified as appropriate.

4.3 Removing or easing restrictions

- (a) For each student on the Improving Academic Performance Report, the associate dean may decide to continue, ease or remove an existing restriction for the student's next trimester of study.
- (b) Where the student has been restricted to fewer than 60 points, and they have passed at least half (50 percent) of the points undertaken, the associate dean will normally ease the restriction to 60 points in their next trimester of study.
- (c) The associate dean will normally recommend, and may require, the student to engage with the relevant advising staff member(s), maintain a student success plan, and engage with appropriate services, and opportunities.
- (d) The associate dean may decide to impose other requirements and recommendations consistent with section 6, where appropriate.
- (e) The student will be notified in writing of any change to the restrictions, requirements, and recommendations within two weeks of the decision (see 5 below).
- (f) The decision by the associate dean must be recorded in Kurawai.

4.4 Reconsiderations and appeals

- (a) A student who has been notified of a decision by the associate dean may request a meeting to provide additional information and to ask the associate dean to reconsider the decision. The request should be made within five working days of receiving the notification. The associate dean may revise their decision after the discussion.
- (b) As provided for in section 12.3 of the Admissions and Enrolment Regulations, a student may appeal a decision made by the associate dean about a restriction or other conditions to the Deputy Vice-Chancellor (Academic).
- (c) Any appeal must normally be made within four weeks of the decision or four weeks prior to the start of the student's next trimester of study, whichever is later.
- (d) *Note: Any appeal should be made as quickly as practicable as it is normally not possible to register in additional courses after the second teaching week of the trimester.*
- (e) An appeal must be made in writing to the relevant staff member/generic email address.

- (f) A student appealing a restriction, other requirements or suspension may seek support, for example, from VUWSA (advocate@vuwsa.org.nz).

5 Communication with students

Notifications to students will actively encourage them to seek support and/or advice from relevant student services to enable their academic progress and success, including, for example approaching Student Finance (Hardship Fund), Wellington Careers and Employment, and Student Learning, or engaging with the relevant advising staff to discuss their individual student success plan. These notifications should include links to the TEC Fees Free/StudyLink information to advise and encourage students to understand their eligibility for Fees Free and StudyLink financial assistance, and the required performance criteria for student loans and student allowance.

- (a) Notifications about the academic progress process will be sent to the student in writing.
- (b) When a student is invited to meet (in person or virtually) with the associate dean, they must be informed of the reason they are being invited to the meeting, the deadline for arranging the meeting (normally within five working days), and the consequences of not arranging and attending the meeting.
- (c) Students must be advised that they can bring a support person to these discussions, e.g. the advisory and support services offered by the VUWSA student advocacy service (advocate@vuwsa.org.nz), Āwhina, Pasifika Student Success or Disability Services, a friend or whānau member, or a support person from an external community-based organisation.
- (d) When a decision of the associate dean is communicated to a student, the notification should include the following as appropriate:
 - (i) The reason for the notification (for example, that the student has passed fewer than half (50 percent) of their points in the most recent trimester of study).
 - (ii) The restriction, requirements and recommendations of the associate dean.
 - (iii) Any consequences of the decision on their registration (for example, any course registrations that will be cancelled).
 - (iv) The deadline for responding to the notification (normally within five working days) and the outcome if the student does not respond.
 - (v) The expectation that the student engages with requirements and recommendations offered as part of the academic progress review and the consequences in future trimesters if they do not engage.
 - (vi) If the decision includes a restriction and the student was restricted in the previous trimester of study, the student must be advised that they may be recommended for suspension if they do not pass at least half (50 percent) of the points in which they are registered in their next trimester of study.
 - (vii) The processes for requesting a reconsideration or appealing the decision.

6 Recommendations, Requirements and Restrictions

The goal of recommendations, requirements and restrictions in the decision is to encourage and enable student success.

6.1 Restrictions

An associate dean may restrict a student to a maximum number of points and/or to specified courses to ensure that the student does not overload themselves with more study than they can reasonably be expected to succeed in.

- (a) The standard first restriction is a limit of 45 points in the student's next trimester of study.
- (b) The standard first restriction of 45 points will normally be applied to students who have been asked to meet with the associate dean, but who do not attend the meeting. The associate dean may apply a tighter restriction; however, a first restriction will normally be between 30 and 50 points.
- (c) A typical second restriction (following two trimesters of passing fewer than half (50 percent) of the points attempted) will be between 20 and 30 points.
- (d) A restriction may require changes to the courses in which a student is registered (for example, it may disallow or require specific courses).
- (e) In deciding on a restriction, an associate dean should consider the consequences on:
 - (i) the student's eligibility for StudyLink support through student loan or student allowance
 - (ii) the student's ability to meet the conditions of any studyvisa; and
 - (iii) progression in their personal programme of study.

6.2 Requirements and Recommendations

Where appropriate, the associate dean may recommend and/or require a student to take actions or engage with support services during their next trimester of study.

- (a) Any student who does not already have a student success plan will be required to meet with the relevant advising staff to develop their student success plan.
- (b) Any student who was restricted in their previous trimester of study, is now being restricted again and has not already met with the associate dean, will be required to meet with the associate dean to discuss the restriction and any other requirements and recommendations.
- (c) Students may be required or recommended to engage with relevant student services, including (but not restricted to):
 - (i) student advising staff;
 - (ii) Student Finance (Hardship Fund);
 - (iii) Wellington Careers and Employment;
 - (iv) Student Learning, including attendance at workshops;
 - (v) Disability Services;
 - (vi) the PASS programme (where offered);

- (vii) Medical or counselling services at Mauri Ora or the student's own medical services; and/or
- (viii) Āwhina, Pasifika Student Success, Manawa ora – Student Wellbeing.

7 Suspension of registration

The Deputy Vice-Chancellor (Academic) may suspend a student's registration to enable the student to resolve issues that are preventing success in their studies and to have time away from study to reassess their future study plans.

- (a) Where the associate dean has recommended under section 4.2(c) that a student be suspended, the Deputy Vice-Chancellor (Academic), after appropriate consultation with relevant student services, will normally suspend the student from study for a period of three trimesters.
- (b) Where a student has previously been suspended, the Deputy Vice-Chancellor (Academic) may suspend the student for a longer period, up to a maximum of three years (nine trimesters).
- (c) A student who is suspended must be sent written notification of the decision within two working weeks from the recommendation by the associate dean.
- (d) A student returning after a suspension will normally be restricted to a maximum of 45 points in their first trimester of study. The associate dean may vary the restriction by:
 - (i) lowering the maximum number of points permitted;
 - (ii) allowing up to 60 points; or
 - (iii) setting further conditions on the student's registration.
- (e) Any variation to the restriction will take into consideration matters such as:
 - (i) whether the student's earlier performance was affected by serious medical or personal circumstances, and if so, whether those circumstances have now improved;
 - (ii) whether the student appears to be better prepared for university study on the basis of experience and/or skills developed during their time away;
 - (iii) whether a substantial period (at least two years) has elapsed since the student's period of suspension; and
 - (iv) any relevant provisions in the regulations for the student's qualification.
- (f) As provided for in section 12.3 of the Admissions and Enrolment Regulations, a student may appeal the suspension decision by the Deputy Vice-Chancellor (Academic) to the Provost.
- (g) Any appeal must normally be made within four weeks of the decision or four weeks prior to the start of the student's intended next trimester of study, whichever is later. An appeal must be made in writing to the Provost/generic email address.

Note: Any appeal should be made as quickly as practicable as it is normally not possible to register in additional courses after the second teaching week of the trimester.
- (h) A student appealing a restriction, other requirements or suspension may seek support, for example, from VUWSA (advocate@vuwsa.org.nz).

8 Definitions

In these procedures unless the context otherwise requires, the following definitions shall apply:

Academic progress reports	Standard reports providing staff with academic progress information for students who meet specific criteria. The Restriction Review Report and Improving Academic Performance Report are types of academic progress reports.
Associate dean	The associate dean in the relevant faculty who has been allocated responsibility for the decision. For the purposes of these regulations, the deputy dean in the Faculty of Law is considered to be an associate dean. Associate dean responsibilities may be sub-delegated in accordance with the Delegations Statute.
Kurawai	The University's student relationship management system (SRM). Kurawai is the place where student interactions with the University are recorded.
Registration	The process of enrolling in specific course offerings.
Points undertaken in a trimester	The total value of all courses in which the student remained enrolled after the withdrawal deadlines set out in section 14 of the Fees Policy (normally the first two weeks of the course). Note: the points value for each two-trimester course will be divided equally between the trimesters.

General Programmes of Study Regulations

1 Purpose

These Regulations set out the general provisions relating to qualification requirements and how they are to be met by individual students' personal programmes of study.

2 Application of Regulations

These Regulations apply to staff members and students. They should be read in conjunction with other relevant regulations, including the Admission and Enrolment Regulations, Credit Transfer and Recognition of Prior Learning Regulations, and the regulations for individual qualifications.

3 General requirements for qualifications, majors, subjects, micro-credentials, and other curriculum components

Note 1: The procedures for approving new or amended curriculum components are set out in the Academic Approvals Handbook.

Note 2: Refer to the Academic Transcripts and Certificates Procedure for details of the qualification-related information that is included on qualification certificates and academic transcripts.

3.1. CUAP requirements

The structure of the University's qualifications and components within them must align with the requirements defined by the New Zealand Vice-Chancellors' Committee (also known as Universities New Zealand—Te Pōkai Tara) through the Committee on University Academic Programmes (CUAP) (*see <https://www.universitiesnz.ac.nz/>*). Within these definitions, Te Herenga Waka—Victoria University of Wellington defines some specific requirements as set out below.

3.2. Pre-degree qualifications

The requirements for pre-degree certificates and diplomas are as set out in the CUAP Handbook.

3.3. Undergraduate qualifications

- (a) A bachelor's degree:
 - (i) requires 360 points except where a larger programme is mandated by professional accreditation requirements; and
 - (ii) must include at least 180 points above 100 level, of which at least 75 points must be at 300 level.
- (b) A bachelor's degree awarded with honours:
 - (i) requires at least 480 points and must meet CUAP's requirements for research content and the number of points required at each level; and
 - (ii) must provide an exit point at the end of the programme of study that meets the requirements for a bachelor's degree for students whose performance is not at the level to justify the award of honours.

Note: Refer to section 6 for information on conjoint degrees programmes and other combinations of qualifications.

3.4. Graduate qualifications

- (a) Graduate certificates and graduate diplomas are designed for graduates or those whose practical, professional, or scholarly experience provides an equivalent level of preparation.
- (b) A graduate certificate is a coherent programme of study comprising at least 60 points, including at least 40 points at 300-level or above.
- (c) A graduate diploma is a coherent programme of study comprising at least 120 points, including at least 75 points at 300-level or above.

3.5. Postgraduate qualifications

3.5.1. *Postgraduate certificate and postgraduate diploma*

- (a) Postgraduate certificates and postgraduate diplomas build on a prior degree.
- (b) A postgraduate certificate is a coherent programme of study comprising at least 60 points at 400 level or above.
- (c) A postgraduate diploma is a coherent programme of study comprising at least 120 points at 400 level or above.

3.5.2. *Postgraduate honours degree*

A postgraduate honours degree:

- (i) is a 120-point qualification following on from a bachelor's degree; and
- (ii) must normally include a research component of at least 30 credits at NZQF level 9 with the other courses at level 8. The research component should be a discrete easily identifiable course(s).

3.5.3. *Master's degree*

The requirements for a master's degree are as set out in the CUAP Handbook.

3.5.4. *Duration of postgraduate honours and master's degrees*

- (a) In order to be eligible for the award of honours, merit, or distinction, a candidate for a postgraduate honours or master's degree must complete the requirements for the degree within the relevant time period specified in the qualification regulations.
- (b) The associate dean, after consultation with the relevant head of school, may extend the maximum period for completing the requirements for the award of honours, merit, or distinction. A candidate refused such an extension may still be permitted to complete the qualification, or in the case of a postgraduate honours degree, may be required to transfer to a relevant postgraduate diploma.

Note: Extensions to a master's thesis are dealt with in the Master's Thesis Regulations. Refer to the Assessment Handbook regarding extensions for work within other courses.

- (c) The course of study for a qualification shall be regarded as having begun when the candidate first enrolled in a course later credited to that qualification.

Note: Provisions for the duration of theses within master's degrees are set out in the Master's Thesis Regulations.

3.5.5. Doctoral degree

A doctoral degree requires at least 360 points.

- (a) The Doctor of Philosophy (PhD) is a university-wide research degree comprising a 360-point thesis at NZQA Level 10 (600-level).
 - (i) The thesis constitutes the entire body of work on which the award of the qualification is based. This does not preclude coursework, but any coursework only contributes to the preparation for and acceptance of the candidate to undertake the research that leads to the thesis.
 - (ii) The PhD may (subject to appropriate supervision capacity) be offered in any subject area in which the University offers a postgraduate honours or master's programme.
- (b) A professional or named doctorate is a coherent programme of study:
 - (i) It must include a thesis at NZQA level 10 (600-level) worth at least 240 points;
 - (ii) The balance may be coursework at NZQA level 9 or 10 (500–600 level). Any coursework normally contributes to the overall result and, if so, must be externally examined.

3.6. Major or subject

- (a) A major is a substantial component of a degree consisting of courses in a recognised disciplinary area.
 - (i) A major in a bachelor's degree consists of courses worth at least 120 points including at least 40 points at 300-level or above. For a general undergraduate degree (that is, the BA, BCom, BSc), a major shall not require more than 140 points at 200-level or above.
 - (ii) In a postgraduate honours degree, the courses for a major comprise the entire qualification.
 - (iii) In a master's degree, the courses for a major normally comprise the entire qualification and must comprise at least 40 percent of the points for the degree. In some cases, a research project course or thesis may count towards a major only when the programme director determines that the topic of the project or thesis falls within the relevant subject area.
- (b) A subject is a substantial part of a certificate, diploma, graduate certificate, graduate diploma, postgraduate certificate or postgraduate diploma. It must comprise at least 40% of the qualification. In some cases, a course such as a project or internship may count towards a subject only when the programme director determines that the student's topic falls within the relevant subject area.
- (c) The regulations for a qualification may:
 - (v) require each student to complete at least one of the majors or subjects offered;

- (vi) allow students the option of including a major or subject; or
- (vii) not offer any majors or subjects.
- (d) A particular major may be offered for more than one degree, but where the degrees are the same level, the requirements must be the same (although they may be stated differently according to conventions adopted by the faculties concerned).

Note: Majors and subjects appear on qualification certificates as well as on academic transcripts (see the Academic Transcripts and Certificates Procedure section 4.1(c)).

3.7. Minor

- (a) A minor is a component of a bachelor's degree that specifies 60 points at 200- and 300- level in a subject area, with at least 15 points at 300-level.
- (b) A student may only include a minor where permitted by the regulations for the qualification in which they are enrolled. Any minor must be in a different subject area from the student's major(s).
- (c) Unless otherwise specified in the regulations for the qualification in which the student is enrolled, a minor can be selected from:
 - (i) all majors listed in the BA, BAS, BBmedSc, BBSc, BC, BCom, BDI, BHlth, BPsyc, or BSc regulations; or
 - (ii) additional minors listed in the regulations for a bachelor's degree.
- (d) Courses for a minor in a subject area which is available as a major shall be chosen from the requirements at 200-level or above for that major unless additional constraints or flexibility are specified in the qualification regulations in which the major is defined.

3.8. Specialisation

- (a) A specialisation is an optional area of focus within a major or subject.
- (b) A specialisation requires at least 45 points of directly relevant courses at 200 level or above, including at least one course above 200-level.
- (c) The courses specified for a specialisation shall normally be from courses within the associated major or subject, but in all cases, at least 50 percent of the specified points shall be from such courses.

3.9. Micro-credentials

- (a) A micro-credential certifies achievement of a coherent set of skills and knowledge, and is specified by a statement of purpose, learning outcomes, and strong evidence of need by industry, employers, professional associations, iwi, and/or other communities.
- (b) A micro-credential:
 - (i) normally certifies achievement of a range of assessable learning outcomes of between 5 and 40 points at a specified level;

- (ii) focuses on skill development opportunities not currently included in other approved courses at this university;
- (iii) is approved for a period of two years after which time re-approval is needed;
- (iv) must undergo an evaluation that uses student feedback at least annually; and
- (v) stands alone and may or may not contribute to a qualification.

Note: The University may credit micro-credentials towards a qualification by way of credit transfer (see the Credit Transfer and Recognition of Prior Learning Regulations).

3.10. Course

Each course must have a specified points value. Depending on faculty requirements, courses must normally be 15 points or 20 points, or multiples of those values. In exceptional cases, the Deputy Vice-Chancellor (Academic) may approve different points values.

Note: Refer to the Academic Transcripts and Certificates Procedure for details of the qualification-related information that is included on qualification certificates and academic transcripts.

4 When a student may register in a course

4.1. Prerequisites, corequisites, and restrictions

- (a) Each course in a student's personal programme of study must comply with any prerequisites, corequisites, or restrictions specified in the relevant qualification schedule.
 - (i) **Prerequisite** for a course: A student must pass the prerequisite before registering in the course unless the prerequisite is waived by the head of the school responsible for the course. If the waiver is conditional on simultaneous registration in the prerequisite course, then both courses must be passed before registration can occur in any subsequent course for which the second course is itself a prerequisite.
 - (ii) **Corequisite** for a course: In order to register in the course, a student must either concurrently register in the corequisite course, or have already passed it. The head of the school responsible for the course may waive a corequisite.
 - (iii) **Restriction** against a course: Restrictions prevent a student registering in sets of overlapping courses.
 - A student cannot register in a course which is restricted against a course or combination of courses that the student has already passed, or is concurrently registered in.
 - In some cases, a restriction may be limited to courses done in a particular year.
 - Double-labelled courses are necessarily restricted against each other.

A restriction may be waived by the head of the school responsible for the course. In such cases, where equivalent material has been covered in both courses (or sets of

courses), the student may only credit one course (or set of courses) towards any Te Herenga Waka—Victoria University of Wellington qualification.

- (b) A student may enrol in a postgraduate honours or master's course (that is, one listed on the schedule of a postgraduate honours or master's degree) only with the approval of the head of school responsible for that course.
- (c) A student may appeal any decision taken under section 4.1(a) or (b) to the relevant associate dean.

4.2. Registration in a course already passed or exempt

- (a) Only with the permission of the relevant associate dean may a student register in a course that is the same or substantially equivalent to a course:
 - (i) that the student has already passed; or
 - (ii) from which the student has been exempted with credit;
 - (iii) that is essentially a lower level version of a course the student has already passed or been exempted from with credit; or
 - (iv) previously passed at another institution for which the student has been awarded transfer credit.
- (b) A student who passed a course more than 10 years earlier and, under section 5.3(e), is unable to use that course to satisfy current requirements, may re-register in the course.

Note: Credit for any course will normally be given just once (see section 5.3(b)).

4.3. Re-registration in a failed course

A student who has failed the same course twice may not register again in that course unless permitted by the relevant associate dean. The associate dean may approve a further registration where justified, for example if:

- (i) the course is a required course for a major, subject or qualification the student is enrolled in, and the student has passed at least half the other courses for that major, subject or qualification; or
- (ii) the student's previous performance in the course was affected by serious medical or personal circumstances; or
- (iii) a substantial period of time has elapsed since the student's last attempt at the course.

5 Completion of qualification requirements

5.1. General

- (a) To be awarded a qualification, a student must have met the full academic requirements specified in the qualification regulations, taking account of the provisions in these and other relevant regulations.
- (b) In exceptional circumstances the relevant associate dean (or for doctoral qualifications, the Dean FGR) may vary the qualification requirements for an individual student. In all cases, the student's personal programme of study should be

consistent with the essential character of the qualification and achieve the qualification graduate attributes.

5.2. Which regulations apply when there have been amendments

- (a) A student may complete their qualification under the regulations in force at the time of their final enrolment for the qualification.
- (b) Unless expressly prevented by subsequent regulations, a student who enrolled for a qualification under previous regulations may complete the qualification under those regulations if they do so:
 - (i) within the maximum duration where specified in the qualification regulations; or
 - (ii) otherwise, within two years more than the normal full-time duration of the qualification from when the regulations were changed.

Note: For a 360-point degree, this period is five years; for a 120-point qualification, it is three years.

- (c) The associate dean (or for doctoral qualifications, the Dean FGR) shall determine how the requirements of the earlier regulations are to be met and, in doing so, shall endeavour to prevent undue hardship and, as appropriate, take account of:
 - (i) any provisions for the transition stated in the proposal to amend the regulations; and
 - (ii) how long the student has been enrolled.
- (d) The associate dean (or Dean FGR) may allow a student to complete a qualification under regulations that last applied before the time specified in 5.2 (b).

Note 1: The schedules to current qualification regulations generally include prerequisites and restrictions relating to courses that have been offered within the last seven years. Information about courses last offered more than seven years ago that may be used as prerequisites for current courses, or be restricted against current courses, can be obtained on request from the relevant Tītoko Student Success team or school.

Note 2: Refer to the Appendix for information on equivalent points values for historical courses defined in credits, units, or stages.

5.3. Crediting courses to qualifications, majors, and minors

- (a) Subject to the constraints in section 6, a student may credit a set of courses to a qualification if, and only if:
 - (i) the student has obtained a pass in each of the courses; and
 - (ii) except as provided for elsewhere in these Regulations, the set of courses meets the requirements of the regulations for the qualification.
- (b) Except for directed individual study courses or special topic courses where the content changes between offerings, credit for any course will be given just once.

- (c) Any course that is double-labelled with another course may be substituted for that course to meet prerequisite, corequisite, major, subject, specialisation, or other requirements of the qualification regulations.
- (d) A student who has passed, at this or any other institution, a course equivalent to one that is required for a Te Herenga Waka—Victoria University of Wellington qualification, or for a major, subject, specialisation, or minor within such a qualification, but is unable to gain credit for it towards that qualification, will normally be given an exemption from that course by the relevant associate dean, who may require the substitution of an approved alternative course.

Note: There are limits on the amount of transfer credit and credit based on prior informal learning that can be credited to qualifications. Refer to section 5.6 and the Credit Transfer and Recognition of Prior Learning Regulations.

- (e) Where a student has passed a course more than 10 years earlier:
 - (i) the relevant associate dean may decide that the course cannot be used to meet the requirements of a major, subject, minor, or qualification in which the student is currently enrolled;
 - (ii) The relevant head of school may decide that the course cannot be used to satisfy prerequisite requirements for a current course.

Such decisions are based on consideration of the currency of the course content and the significance of the course in the student's personal programme of study.

Note: A student unable to use an old course to satisfy current requirement may re-register in the course (refer to section 4.2(b)).

5.4. Failed courses in postgraduate honours and master's degrees

Note: Refer to the Master's Thesis Regulations for provisions relating to master's theses. Refer to the Assessment Handbook for provisions relating to the award of classes of honours, merit, or distinction.

- (a) A candidate for a postgraduate honours or master's degree will not be awarded the qualification if they have failed more than 30 points of courses for the qualification on their first attempt, even if they pass the courses or alternative courses at a later time.

Note 1: In such a case, the student may be offered the option of transferring into an appropriate postgraduate diploma.

Note 2: For the purposes of this section, a withdrawal from a course does not count as a fail.

- (b) Appeals may be made to the relevant associate dean, who may permit the award of the qualification if satisfied that the student's failure in the first attempt in the courses was affected by exceptional medical or personal circumstances.

5.5. Substitution of courses

- (a) The set of courses credited to a qualification must be consistent with the intent of the qualification regulations. Any courses substituted for specified qualification, major or subject requirements must be relevant and complementary to the rest of the student's programme.

- (b) Any substitute course must normally be at the same or higher level as the course being replaced.
- (c) Substitutions for courses in bachelor's degrees, graduate certificates, graduate diplomas, or pre-degree qualifications must be approved by the associate dean under section 5.1(b).
- (d) Except where otherwise specified in the qualification regulations, the relevant head of school may permit a student to replace courses worth up to half the points value of a non-doctoral postgraduate qualification with courses of a comparable points value.

5.6. Transfer credit and credit based on prior informal learning

Note: The detailed provisions for transfer credit and credit based on recognition of prior learning are set out in the Credit Transfer and Recognition of Prior Learning Regulations.

- (a) Credit transfer and recognition of prior learning (RPL) allow a student to be granted credit towards a Te Herenga Waka—Victoria University of Wellington qualification on the basis of learning achieved elsewhere.
 - (i) Transfer credit is credit awarded on the basis of courses previously passed at another tertiary institution. Decisions on the award of transfer credit are made by the Associate Dean (Students) or equivalent in the relevant faculty.
 - (ii) The RPL credit is fully specified credit based on the assessment of a student's prior informal learning against the learning objectives of a specific course offered by this university. Informal learning is learning that occurs outside accredited courses or qualifications and may include workplace training, marae-based learning, or independent learning. The RPL assessment process for a course must be approved by Academic Programmes Committee.

Note: Only some courses offered by this university are approved for RPL credit (refer to the Credit Transfer and Recognition of Prior Learning Regulations).

- (b) In all cases, the award of a Te Herenga Waka—Victoria University of Wellington qualification requires that a sufficient proportion of the courses for the qualification has been passed at this university, and that these courses include a sufficient number at advanced levels to establish its distinctive character as a Te Herenga Waka—Victoria University of Wellington qualification.

Note: Limits on transfer and RPL credit are in the Credit Transfer and Recognition of Prior Learning Regulations.

- (c) Credit should be awarded at a level that is consistent with the nature of the previous learning and the student's personal programme of study at Te Herenga Waka—Victoria University of Wellington.
- (d) All assessment of transfer credit and RPL credit must be based on the original learning. Transfer credit can only be awarded on the basis of achievement at the institution where the course was originally taken. The awarding of transfer credit for a course by another institution is not sufficient grounds for Te Herenga Waka—

Victoria University of Wellington to award transfer credit for the same course. Transfer credit cannot be awarded on the basis of RPL credit awarded by another institution.

- (e) In all cases, transfer credit from a completed graduate or postgraduate qualification is only permitted if the external qualification is a lower qualification than the one in which the student is enrolled at this university.
- (f) Applicants are responsible for providing acceptable evidence of their prior learning, and any additional materials that may be requested in order to assess its content, level, and value. Credit will not be awarded unless satisfactory information is provided.

5.7. Abandoned and rescinded qualifications

- (a) A student may abandon a qualification prior to it being awarded (graduation), by ceasing enrolling in it and being accepted for enrolment in a different qualification (refer to the Admission and Enrolment Regulations).
- (b) In certain circumstances, a qualification that has been awarded can be rescinded by the University Council (refer to the [General Academic Statute section 7.2](#)).
- (c) Where a student's qualification is abandoned or rescinded, any courses passed towards it may be credited to a different qualification, providing they meet the requirements in sections 5.1–5.6.

6 Combinations of qualifications, majors, subject, or minors

6.1. Constraints on combinations of qualifications, majors, subjects, and minors

- (a) No student may be awarded:
 - (i) an undergraduate major and a minor in the same subject area, irrespective of whether the major and the minor are in the same or different qualifications;
 - (ii) two undergraduate majors in the same subject area;

Note: A bachelor's graduate wanting to do the courses associated with an additional undergraduate major has the option of enrolling in a graduate diploma or graduate certificate.

 - (iii) any pair of postgraduate honours degrees in the same major;
 - (iv) any pair of Master of Arts, Master of Arts (Applied), Master of Commerce, Master of Music, or Master of Science in the same major;
 - (v) any pair of graduate certificates or graduate diplomas in the same subject; or
 - (vi) any pair of postgraduate certificates or postgraduate diplomas in the same subject.
- (b) A graduate who has been awarded
 - (i) a postgraduate honours degree, or a master's degree in a particular major; or
 - (ii) a graduate certificate, graduate diploma, postgraduate certificate, or postgraduate diploma in a particular subject

may be a candidate for the same qualification in a different major or subject providing no courses are cross-credited between them (see section 6.3.1(f))

6.2. Counting courses towards the requirements for more than one qualification, major, subject, or minor

- (a) Unless stated otherwise in the qualification regulations, a student cannot count a course towards the 300- or 400-level requirements for:
 - (i) more than one qualification; or
 - (ii) more than one major, subject or minor, irrespective of whether the majors, subjects or minors are in the same or different qualifications.
- (b) There is no bar against double-counting a course towards 200-level requirements in more than one qualification, major, subject, or minor.

6.3. Cross-crediting: counting courses towards more than one Te Herenga Waka—Victoria University of Wellington qualification

Note: Refer to the [Credit Transfer and Recognition of Prior Learning Regulations](#) regarding crediting courses passed at a different institution to a Te Herenga Waka—Victoria University of Wellington qualification.

6.3.1. General

- (a) Cross-crediting means that the course (or points) is counted towards both of two Te Herenga Waka—Victoria University of Wellington qualifications.
- (b) A student doing two or more qualifications must complete the requirements of each, subject to the constraints in section 5.
- (c) Courses may be cross-credited between a pre-degree qualification and a bachelor's degree as specified in the regulations for the pre-degree qualification.
- (d) A student enrolled in a conjoint degrees programme may cross-credit up to 180 points between the two bachelor's degrees (see section 6.3.2).
- (e) Otherwise, a student may cross-credit up to 120 points between any pair of bachelor's degrees, irrespective of the student's level of achievement or whether degrees are done concurrently.
 - (i) These points will normally be at 100 level, unless otherwise permitted by the relevant associate dean.
 - (ii) The total of such cross-credit and any transfer credit shall in no circumstance exceed two-thirds of the total points requirement for the subsequent degree.
 - (iii) At most, 60 points from a completed pair of cross-credited bachelor's degrees may be cross-credited to a third bachelor's degree.
- (f) Unless otherwise permitted by the relevant qualification regulations, no course already credited to another qualification that has been granted (whether at this university or another institution) may be credited to a postgraduate honours or master's degree or to a graduate certificate, graduate diploma, postgraduate certificate, or postgraduate diploma.

6.3.2. Conjoint degrees programmes

- (a) A conjoint degrees programme comprises two bachelor's degrees undertaken concurrently and with up to 180 points cross-credited between them.

Note: Upon completion of a conjoint degrees programme, the student is awarded a separate degree certificate for each of their two degrees (see the Academic Transcripts and Certificates Procedure).

- (b) Unless otherwise specified in the qualification regulations, all bachelor's degrees offered by the University are available as part of a conjoint degrees programme.
- (c) Enrolment in a conjoint degrees programme normally occurs in a candidate's second year of study at university, but it may also occur in a later year. To be accepted into the conjoint programme, the candidate must have achieved at least a B– average over all the courses towards the two degrees, but not have completed the requirements of either component degree.
- (d) In order to remain enrolled in a conjoint degrees programme, a candidate must (unless the associate dean approves otherwise):
- (i) achieve a GPA of at least 2 in the previous year of study; and
 - (ii) register in courses for each of the two qualifications in each year of study.
- (e) A student who fails to satisfy the GPA requirements for remaining enrolled in a conjoint degrees programme cannot re-enrol in it except with permission of both the relevant associate deans.
- (f) The student must graduate with both degrees at the same time.

Note: Approval is normally granted for a student to remain in the conjoint programme if they complete the courses required for one of the component degrees up to one year before completing the other degree, providing they do not graduate until both are completed.

- (g) The set of courses passed for the conjoint programme must meet all degree requirements for each component degree.
- (h) The minimum points that must be completed for conjoint degrees programmes are set out below.

Degree combination	Total number of points	Total number of points at 200 level or above	Total number of points at 300 level or above
3 year + 3 year	540	360	150
3 year + 4 year	660	480	270
4 year + 4 year	780	600	390

- (i) No more than 60 points may be credited to a conjoint programme from a previously completed degree. In all circumstances, a conjoint degrees programme must include at least 240 points passed at Te Herenga Waka—Victoria University of Wellington, with at least 180 of those points above 100-level.

7 Powers of the Deputy Vice-Chancellor (Academic)

In extraordinary circumstances, the Deputy Vice-Chancellor (Academic) may, after consultation with appropriate parties, modify the application of a particular provision within these Regulations, associated Procedures, or the regulations for any qualification where convinced that the application of the provision would lead to injustice for a particular student or group of students. Any such modification should be at the request of a faculty, or central service unit, and applies only for the individual case being considered.

Appendix: Equivalencies for historical credits, units, and stages

1 Introduction

Over time, systems of points, credits, and units have all been used to define the size of courses at Te Herenga Waka—Victoria University of Wellington. Equivalent points values for earlier courses are provided below.

Note: There may be some exceptions to these rules and students must obtain advice from the relevant Titoko Student Success team regarding their personal programme of study.

2 Points: used since 1998

Since 1998, Te Herenga Waka—Victoria University of Wellington has used 'points' to specify the size of courses, with one point equating to 10 notional learning hours (including contact time and non-contact time). This aligns with the New Zealand Qualifications Framework.

A standard full-time workload (one EFTS) is 120 points per academic year.

3 Credits: used 1973–1998

The weighting of each undergraduate course passed after 1972 and before 1998 shall normally be translated from credits to points as follows.

Note: 12-, 4-, and 3-credit courses will be translated proportionally with fractions rounded up.

3.1. Courses from the BA, BCA, BEd(Tchg)EC, BMus, and BTM schedules

- i) 6-credit 100-level courses: 18 points
- ii) 6-credit 200-level courses: 22 points
- iii) 6-credit 300-level courses: 24 points

3.2. Courses from the BSc schedule

- i) As for the BA with the following exceptions:
- ii) BIOL 301–330: 6-credit courses each 30 points, 3-credit courses each 15 points
- iii) CHEM 365, CHEM 371, and CHEM 372: each 30 points
- iv) COMP 301–389: each 15 points
- v) GEOL 311–333: each 30 points

3.3. Courses from the LLB/LLB(Hons) schedules

- i) Intermediate years: as for BA/BSc
- ii) Professional years: 20 points for each 6-credit course

4 Units: used prior to 1972/1973

- (a) Units were used in BA, BCA, and BMus prior to 1972, and in BSc prior to 1973.
- (b) Units were offered at particular ‘stages’, which equate to current levels and points as follows:

Stage	Courses numbered	Points
Stage I or Reading Knowledge	100–199	36
Stage II	200–299	44
Stage III	300–399	48

Credit Transfer and Recognition of Prior Learning Regulations**1 Purpose**

These regulations govern the credit awarded towards Te Herenga Waka—Victoria University of Wellington qualifications from:

- courses taken at other tertiary institutions (‘transfer credit’);
- micro-credentials taken either through this university or another provider; and

- credit awarded for informal or uncertificated prior learning ('RPL credit') that has been assessed by the University as equivalent to specified Te Herenga Waka—Victoria University of Wellington courses.

Credit of Te Herenga Waka—Victoria University of Wellington courses to more than one of this university's qualifications ('cross-credit') is governed by the regulations for each qualification and the General Programmes of Study Regulations.

2 Application of Regulations

These Regulations apply to staff members and students.

Regulations Content

3 Principles

- (a) The award of a qualification must be on the basis that the student has met the full academic requirements of the qualification, irrespective of the extent of any transfer credit or RPL credit.
- (b) The award of a Te Herenga Waka—Victoria University of Wellington qualification requires that a sufficient proportion of the courses for the qualification has been passed at this university, and that these courses include a sufficient number at advanced levels to establish its distinctive character as a Te Herenga Waka—Victoria University of Wellington qualification.
- (c) Credit should be awarded at the highest level that is consistent with the nature of the previous learning and appropriate for the student's programme of study at Te Herenga Waka—Victoria University of Wellington.

4 Responsibilities

- (a) Decisions on the award of transfer credit are made by the Associate Dean (Students) or equivalent in the relevant faculty. The associate dean will consult with the relevant head of school where specified in section 7.
- (b) Decisions on RPL credit are made by the associate dean on the recommendation of the relevant head of school.
- (c) Applicants are responsible for providing acceptable evidence of their prior learning, and any additional materials that may be requested in order to assess its content, level, and value. Credit will not be awarded unless satisfactory information is provided.

5 Learning for which credit may be awarded

5.1 Credit must be based on the original learning

All assessment of transfer credit and RPL credit must be based on the original learning. Transfer credit can only be awarded on the basis of achievement at the institution where the course was originally taken. The awarding of transfer credit for a course by another institution is not sufficient grounds for Te Herenga Waka—Victoria University of Wellington to award transfer credit for the same course. Transfer credit cannot be awarded on the basis of RPL credit awarded by another institution.

5.2 Courses passed at another tertiary institution

- (a) Transfer credit may be awarded in respect of courses that are:

- (i) available for degree programmes at other New Zealand universities; or
 - (ii) registered on the New Zealand Qualifications Framework at level 5 or above and in a subject which could properly be taught at degree level in a university; or
 - (iii) offered by an educational institution and recognised by the associate dean as being of equivalent standard to courses in (i) or (ii) of this section.
- (b) Transfer credit will not be awarded in respect of courses taken elsewhere when the content is substantially similar to courses passed at Te Herenga Waka—Victoria University of Wellington.
 - (c) Transfer credit will not be awarded for courses passed more than 10 years before the date of application for credit unless the course content is still valid material that could properly be taught as part of a current programme.
 - (d) Credit will not be awarded for courses passed while the student was suspended from this university on academic misconduct grounds.
 - (e) Credit will not normally be awarded for courses passed while the student was suspended or excluded from any other tertiary institution on academic misconduct grounds.

6 Types of credit that may be awarded at Te Herenga Waka—Victoria University of Wellington

6.1 Transfer credit

- (a) Transfer credit may be awarded as:
 - (i) fully specified credit, that is, a Te Herenga Waka—Victoria University of Wellington course identified by subject and course code and usually having the normal point value of that course. Subject to section 7, specified credit may be used to satisfy any degree, major, or prerequisite requirement that would be satisfied by the relevant Te Herenga Waka—Victoria University of Wellington course; or
 - (ii) partially specified credit in a particular subject at a particular level, but not specifying a course code. Subject to section 7, partially specified credit may be used to satisfy degree, major, or prerequisite requirements that would be satisfied by courses with the same subject code and level or degree schedule and level; or
 - (iii) unspecified credit at a particular level but which does not specify a subject or course code. Unspecified credit may be used to satisfy degree, major, or prerequisite requirements expressed in terms of any points at the same level.

Note: Under the provisions in the General Programmes of Study Regulations, the associate dean may exempt a student from particular degree, major, or prerequisite requirements. Such exemptions may be based on prior learning, and may be in addition to, or instead of, the award of any transfer credit.

- (b) Unspecified or partially specified transfer credit may be reassessed if the student seeks an alternative qualification.

6.2. Recognition of prior learning credit

6.2.1 Principles for the award of RPL credit

- (a) RPL credit may only be awarded as fully specified credit, normally at 100 level, and is regarded as full Te Herenga Waka—Victoria University of Wellington credit in terms of meeting degree, major, or prerequisite requirements.
- (b) Credit may only be awarded in courses that have been approved for RPL credit by the Academic Programmes Committee in accordance with section 6.2.2 below.
- (c) Credit may only be awarded for courses currently listed on the schedule to a Te Herenga Waka—Victoria University of Wellington qualification.
- (d) Credit may only be awarded for prior learning that satisfies the course learning objectives as set out in the relevant course outline. Credit is not awarded purely on the basis of practical experience.

Note: Where a student's prior experience has adequately prepared them for direct entry to an advanced course or graduate programme, but it is not appropriate to grant RPL credit, this can be dealt with using the provisions in the General Programmes of Study Regulations, or the entry requirements for individual graduate programmes.

6.2.2 Approval of courses for RPL credit

Any school wishing to be able to award RPL credit for a course must submit an RPL proposal for approval by the relevant faculty board and the Academic Programmes Committee. The RPL proposal must include:

- (i) the justification for offering RPL credit for the course, which might include information on how students can obtain appropriate learning independently and why there is a demand for RPL credit;
- (ii) the criteria under which a candidate is permitted to apply for RPL credit in the course; and
- (iii) the assessment process to be used, including a statement on how it ensures the student has met the learning outcomes for the course.

6.2.3 Assessment procedures

The proposed assessment procedure must be fair, valid, and transparent, and must allow determination of whether the applicant's knowledge, experience, and skills satisfy the course learning objectives. Typically, assessment involves one or more of:

- (i) a challenge examination, where the applicant undertakes the same or equivalent assessment to that of students enrolled in the course; or
- (ii) an oral examination, in which the applicant's knowledge and learning are determined through an interview process. The RPL proposal should include information on the nature of such an interview and the staff who would be involved; or
- (iii) a portfolio detailing the relevant experiences of the applicant, identifying the learning achieved in those experiences, and providing supporting evidence such as letters or testimonials from employers or supervisors.

6.3 Micro-credentials

A micro-credential may be credited to a qualification where it is at or above New Zealand Qualifications Framework level 5 (or equivalent), and the associate dean is satisfied that:

- (i) the content is relevant to the qualification;
- (ii) it is in a subject that could properly be taught at degree level in a university; and
- (iii) it is of sufficient quality to be an appropriate component of the qualification.

7 Amount of transfer and RPL credit to be awarded

7.1 Limits on credit

Except where different arrangements are specified in the relevant qualification regulations, transfer and RPL credit may be awarded towards University qualifications based on the assessed points value for eligible prior learning up to the limits set out below.

7.2 Undergraduate Bachelor's degrees

Note: This includes BE(Hons) and LLB(Hons).

7.2.1 Standard provisions for credit transfer

Except as provided in ss7.2.2–7.2.3:

- (i) a maximum of 120 points of transfer credit may be awarded towards a bachelor's degree;
- (ii) transfer credit cannot be used to satisfy the 300-level (or above) degree, major, or minor requirements.

7.2.2 Special circumstances

Further points and/or points at 300-level (or above) towards degree, major, or minor requirements may be credited to a bachelor's degree in the following circumstances:

- (i) from an approved student exchange programme; and/or
- (ii) where specified within a formal articulation or twinning arrangement between this university and another institution; and/or
- (iii) in consultation with the head of school, from one incomplete external qualification that is very similar in structure and content to Te Herenga Waka—Victoria University of Wellington's degree; and/or
- (iv) in consultation with the head of school, in other exceptional circumstances.

7.2.3 Minimum Te Herenga Waka—Victoria University of Wellington content in undergraduate degrees

- (a) In all circumstances, irrespective of any transfer credit or RPL credit, at least 120 points for each bachelor's degree (including those completed within a conjoint degrees programme) must be passed at this university.
- (b) Except as provided in s7.2.3(c), the points passed at this university must include:
 - (i) at least 40 points, or half the minimum degree requirements at 300-level or above if that is more than 40 points; and

- (ii) at least half the advanced points (200 level or above) requirements for any major.
- (c) For undergraduate bachelor's degrees requiring points at 400 level, the points passed at this university must include:
 - (i) any research project; and
 - (ii) at least 60 points at 400-level (or above), or the full 400-level (and above) degree requirement if that is less than 60 points; and
 - (iii) half the minimum 300-level (or above) requirements for any major.

7.3 Graduate certificates, graduate diplomas, postgraduate certificates, and postgraduate diplomas

Credit may be awarded for up to half the points required for the qualification.

7.4 Postgraduate honours degrees

- (a) Normally, all courses credited to a postgraduate honours degree must be undertaken at this university.
- (b) In exceptional circumstances, and in consultation with the head of school, the associate dean may approve up to 60 points of transfer credit within a postgraduate honours degree, providing the integrity and cohesiveness of the student's programme is maintained.
- (c) In all circumstances, any research project within a postgraduate honours degree must be undertaken and passed at this university.
- (d) RPL credit must not be awarded towards a postgraduate honours degree.

7.5 Master's degrees (including master's degrees that can be awarded with honours)

Transfer credit and/or RPL credit may be awarded towards a master's degree, providing that, in all circumstances, at least 120 points, including any thesis or research project worth 60 points or more, is passed at this university.

8 Appeals

Any student dissatisfied with the decision of the associate dean may apply to have the decision reviewed by the Deputy Vice-Chancellor (Academic).

9 Definitions

In these Regulations, unless the context otherwise requires, the following definitions shall apply:

Exemption:	Exemption from completing a particular degree, major, or prerequisite requirement. An exemption does not imply that credit has been granted for the courses associated with the requirement.
Fully specified credit:	Awarded credit that is defined as a specific course code (where the previous study is considered to be equivalent or a superset of that particular Te Herenga Waka—Victoria University of Wellington course).

Partially specified credit:	Awarded credit that is defined in terms of a subject or faculty code and level (where the previous study is broadly equivalent to material covered in that discipline or faculty at that level, but not equivalent to a specific course).
RPL (recognition of informal prior learning) credit:	Credit awarded on the basis of prior learning that occurred outside accredited courses or qualifications. This may include workplace training, marae-based learning, or independent learning. Recognition of prior learning credit is always fully specified credit.
Transfer credit:	Credit awarded towards a Te Herenga Waka—Victoria University of Wellington qualification on the basis of courses previously passed at another tertiary institution.
Unspecified credit:	Awarded credit that is defined at a particular level, but does not specify a subject area (where the previous study is broadly equivalent to material at that level, in a subject area that could properly be taught at degree level in a university). Unspecified credit is identified with the ‘subject’ code UNSP.

2 Organisational scope

This is a university-wide policy.

4 Policy content and guidelines

4.1 Resolving academic disadvantage (informal process)

- (a) Where a student considers that academic disadvantage has occurred, and provision for addressing the matter exists in a statute or policy, a student must use that provision.

Note 1: Appeals against admission or enrolment decisions are dealt with under the Admission and Enrolment Regulations.

Note 2: Reconsiderations of examination scripts or items of assessment or of aegrotat applications are dealt with in the Assessment Handbook.

Note 3: Appeals against the outcome of the examination of a master's thesis are dealt with under the Master's Thesis Regulations.

Note 4: Appeals against certain constraints on enrolment in a PhD are dealt with under the Doctoral Regulations.

Note 5: Appeals against decisions in respect of fees are dealt with under the Fees Policy.

Note 6: Appeals against suspensions and exclusions are dealt with under the Academic Progress Regulations.

Note 7: Misconduct by staff or students is dealt with under the Conduct Policy or Student Conduct Statute as applicable.

- (b) Where a student considers that academic disadvantage has occurred and the matter is not covered by s4.1(a) they should first discuss the matter with the relevant lecturer, course coordinator, or supervisor.

- (c) If the student does not feel able to discuss the matter directly with the lecturer, course coordinator, or supervisor, or if they consider that the matter has not been resolved under s4.1(b), they should discuss the matter with the programme director (if applicable) or head of school. The programme director and/or head of school may request written details of the alleged academic disadvantage and may refer the matter to the appropriate staff member(s).
- (d) If the student does not consider that the matter has been resolved within the school under s4.1(c) they must contact the relevant associate dean or deputy dean as applicable. The associate dean or deputy dean may request written details of the alleged academic disadvantage.
- (e) The student may, at any time, contact any of the following for advice or support: the VUWSA student advocate, the Student Interest and Conflict Resolution adviser, student support staff, or the Academic Office.
- (f) Members of the relevant faculty must respond to the student's allegation of academic disadvantage and should make all reasonable efforts to try to resolve the matter within the faculty, within a reasonable time frame. A written summary of the resolution should be provided to the student.

4.2 Submitting an academic grievance (formal process)

- (a) Where an allegation of academic disadvantage has not been resolved within a faculty, a student may submit an academic grievance to the University. The academic grievance must be submitted within one year of the decision, advice, or other event that caused the student to consider that they have suffered academic disadvantage.
- (b) The academic grievance must be submitted in writing to the Director of the Academic Office. Receipt of the academic grievance will be acknowledged by the Academic Office, normally within 10 working days. Once submitted, an academic grievance may not be expanded to cover matters not originally included.
- (c) The academic grievance must state clearly and succinctly the grounds upon which the academic disadvantage is claimed. The submission should contain sufficient, relevant information for the matter to be investigated, including any relevant correspondence with the school or faculty. A brief timeline should be included. The convenor of the Academic Programmes Committee shall consider the academic grievance and may request clarification and/or a summary of the academic grievance from the complainant.
- (d) The Academic Office shall forward the academic grievance to the respondent, with a copy to the dean of the relevant faculty, and request a written response. The written response shall normally be provided within 10 working days.

4.3 Investigation of the academic grievance

- (a) The Academic Board Grievance Committee (ABGC) is a committee of the Academic Board that has responsibility for the investigation and determination of academic grievances.
- (b) The convenor of the ABGC shall be appointed by the Provost. The convenor shall normally be a member of the academic staff at professorial level.
- (c) The ABGC shall comprise:
 - (i) the convenor;

- (ii) another academic staff member of the Academic Board; and
- (iii) a student member of the Academic Board, or of a committee of the Academic Board.

The Academic Office shall inform the complainant and respondent of the membership of the ABGC.

Note 1: Members of the ABGC will not normally be recruited from the faculty in which the academic grievance has originated.

Note 2: In the case of an academic grievance submitted by a thesis student, the student member of the ABGC will normally be a member of the Postgraduate Students' Association.

Note 3: In case of a perceived conflict of interest about membership of the Committee, the convenor of the Academic Programmes Committee shall make the final decision on membership.

- (d) The Committee shall follow a procedure that is appropriate to the subject matter of the academic grievance and which protects the rights of the student and any affected staff member or other student.
- (e) The Committee shall follow the principles of natural justice.
- (f) Where appropriate, the Committee shall follow the principles of the Treaty of Waitangi.
- (g) In order to ensure its recommendation is based on all available evidence, the Committee may request additional information or seek clarification from the complainant, respondent, and/or other University employees.
- (h) The Academic Office will forward to the complainant the written response provided by the respondent (refer s4.2(d)). The Academic Office may remove sensitive or personal information relating to staff or other students.
- (i) As part of its investigation, the ABGC will normally meet the complainant, the respondent, and relevant other parties. Meetings with the complainant and respondent will be held separately. The complainant or respondent may bring up to two support persons to the meeting, who may speak on their behalf. The convenor should adjourn the meeting after two hours if, in their judgement, all relevant points have been addressed. In the event of inappropriate behaviour by any party, the convenor may adjourn the meeting at any time.
- (j) Minutes of any meetings held under s4.3(g) will be made available to the complainant and respondent.
- (k) The investigation will normally be completed within six months of receipt of the academic grievance. All parties are expected to make their best efforts to complete the academic grievance process within that time frame.
- (l) The complainant shall have the right to translation services in te reo Māori or New Zealand Sign Language. Such translation services will, if necessary, be provided at the University's expense.

4.4 Decision on the academic grievance

- (a) Having thoroughly investigated the academic grievance, the ABGC shall prepare a written report that sets out the key issues and decides whether academic disadvantage has occurred. Where the ABGC decides that academic disadvantage has occurred, the report should recommend appropriate actions to address the academic grievance.

- (b) The convenor of the Academic Programmes Committee (or delegate) shall inform the complainant and respondent in writing of the ABGC's decision, with a copy of the report. The decision and report are forwarded to the relevant dean.
- (c) Where appropriate, the ABGC may recommend changes to University statutes or policies.

4.5 Submission of an appeal

- (a) A complainant or respondent who is dissatisfied with the decision of the ABGC may submit an appeal to the Grievance Appeal Committee.
- (b) An appeal must be submitted in writing within 20 working days of the date of the letter notifying the decision on the academic grievance. The Convenor of the Grievance Appeal Committee may extend this period if they are satisfied that there is a good reason. The complainant should indicate in their submission whether they wish to appear in person before the Grievance Appeal Committee.
- (c) The appeal must be submitted in writing to the Provost, who will acknowledge receipt of the appeal, normally within 10 working days, together with an outline of the anticipated time frame for the appeal and the membership of the Grievance Appeal Committee. All correspondence on the appeal shall be conducted between the convenor or nominee and the complainant or nominee. Once submitted, a grievance appeal may not be expanded to cover matters not originally included.
- (d) The Grievance Appeal Committee must not allow an appeal unless satisfied that the decision of the Academic Board Grievance Committee:
 - (i) was unsound because of some material defect in the procedures followed by the Academic Board Grievance Committee; or
 - (ii) was incorrect on the basis of the information considered by the Academic Board Grievance Committee; or
 - (iii) has been shown to be incorrect in the light of additional information which, for good reasons, the party appealing was unable to have considered by the Academic Board Grievance Committee.

4.6 Consideration of the appeal

- (a) The convenor of the Grievance Appeal Committee is the Provost or nominee.
- (b) The Committee shall comprise the convenor and a member of Council who is not a student or staff member of the University.

Note: In case of a perceived conflict of interest about membership of the Committee, the Vice-Chancellor shall make the final decision on membership.

- (c) The Grievance Appeal Committee shall review the evidence submitted to the Academic Board Grievance Committee, and the decision of that committee, and may request any further evidence that it deems relevant. The Grievance Appeal Committee may request to meet the complainant, the respondent, and relevant other parties.
- (d) Any meetings with the complainant and respondent will be held separately. The complainant or respondent may bring up to two support persons to the meeting, who may speak on their behalf. The convenor should adjourn the meeting after two hours if, in their judgement, all relevant points have been addressed. In the event of

inappropriate behaviour by any party, the convenor may adjourn the meeting at any time.

4.7 Decision on the appeal

- (a) The decision of the Grievance Appeal Committee cannot be appealed further within the University. The convenor shall inform the complainant and the respondent of the decision in writing. The appeal decision is notified to the relevant dean and other relevant parties.

Note: Section 4.7(a) does not prevent a student pursuing the matter through an external agency such as the Office of the Ombudsman.

- (b) Where appropriate, the Committee may provide recommendations to the Academic Board on changes to University statutes or policies.

1 Purpose

Te Herenga Waka – Victoria University of Wellington (the University) comprises a partnership of students and staff who work together to engage in learning that contributes to the development of the individual and society. This partnership involves active membership of a scholarly community committed to enquiry and integrity. To support students in achieving this goal, the University is committed to providing an environment that fosters physical and emotional well-being.

As members of this community, students are expected to conduct themselves safely and in accordance with the University's core ethical values of respect, responsibility, fairness, integrity, and empathy.

With, and as, tangata whenua, the University values Te Tiriti o Waitangi, rangatiratanga (leadership), manaakitanga (the fostering of knowledge), kaitiakitanga (responsibility for and guardianship of knowledge), whai mātauranga (intellectual curiosity), whanaungatanga (collaboration and collectiveness) and akoranga (collective responsibility for learning).

The purpose of this Statute is to ensure that fair processes are followed in the event of suspected misconduct and that, wherever possible, the University's response to misconduct aims to educate students and address the harm caused in a way that meets the needs of all parties.

2 Application of Statute

This Statute applies to Students.

Statute Content

3 Principles

- 3.1 The University recognises that the majority of students maintain high standards of conduct and that students make an important contribution to the positive culture of its community.
- 3.2 Whenever the University receives a complaint, it will consider all relevant information and resolve that complaint:
 - (a) in accordance with this Statute and other relevant policy documents;
 - (b) in a fair and timely manner;
 - (c) wherever possible, using alternative resolution processes;
 - (d) if an alternative resolution process is not possible, by using the lowest level formal process appropriate;
 - (e) in accordance with the principles of natural justice. This means that the University will:
 - (i) ensure any decision-maker is impartial, free from bias, and has not made any predetermination;

- (ii) ensure that any student suspected of misconduct is informed of the support available and is given a reasonable opportunity to respond before any finding of misconduct is made; and
 - (f) by following all processes in a way that safeguards physical and emotional well-being and the safety and integrity of the University community
- 3.3 The University is committed to acknowledging te Tiriti o Waitangi by working in partnership with Māori.
- 3.4 All processes that address issues related to student conduct will protect the confidentiality of all affected parties as far as possible.
- 3.5 Students have the right to translation services. Such translation services will, if necessary, be provided at the University's expense.
- 3.6 Students have the right to support and representation throughout any process conducted under this Statute.
- 3.7 To make a finding of misconduct or serious misconduct in a formal process, the decision-maker must be satisfied on the balance of probabilities that the misconduct or serious misconduct occurred.
- 3.8 Students have the right to appeal a finding of misconduct or serious misconduct and/or the outcome imposed. Any appeal must be determined by persons not involved in the decision under appeal.

4 Misconduct

- 4.1 This statute applies to students who are suspected of misconduct within the University's precincts, in the context of any University activity, or where the suspected misconduct is directly connected to a student's status as a student of the University.
- 4.2 There are three types of misconduct: Academic Misconduct, General Misconduct and Serious Misconduct.

Academic Misconduct

- 4.3 Academic misconduct is a breach of the academic integrity expectations set out in clause 4.2 of the Academic Integrity Policy for Students, whether that breach is inadvertent or deliberate.

Note: Academic Misconduct does not include any allegations that have been addressed through the Academic Integrity: Educative Approach Procedure

General Misconduct

- 4.4 General misconduct is:
- (a) conduct that is not in keeping with the University's core ethical values of respect, responsibility, fairness, integrity and empathy;
 - (b) conduct in breach of any University statute, policy, Hall of Residence handbook, or professional code of conduct that has been endorsed by the relevant School within the University;
 - (c) conduct that contravenes a lawful and reasonable direction by a member of the University's staff;
 - (d) conduct that impedes or prejudices teaching, research, or study within the University community, or that infringes the ability of others to participate in the life of the University;

- (e) conduct that is detrimental to the safety or wellbeing of other people, the effective functioning of the University, or the reputation of the University;
- (f) conduct that impedes or disrupts an examination, test, or other supervised assessment (but excluding dishonest or misleading conduct in connection with such assessment, which is to be treated as academic misconduct);
- (g) conduct that is dishonest or fraudulent (but excluding dishonest or misleading conduct in connection with an assessment, which is to be treated as academic misconduct);
- (h) conduct that expresses hostility against or is disrespectful to any other person on the grounds of age, race, ethnic or national origin, sex, sexual orientation, gender identity, disability, religious or ethical belief, marital or family status, political opinion or being affected by domestic violence;
- (i) conduct towards any person that is sexual harassment, bullying or harassment;
- (j) conduct that is designed to victimise or otherwise subject another person to detrimental action due to that person being involved in a process under this Statute.

Note: General Misconduct does not include any allegation that fits within the definition of Academic Misconduct.

Serious Misconduct

- 4.5 Serious Misconduct is suspected General Misconduct or Academic Misconduct that satisfies at least one of the following criteria:
- (a) the suspected misconduct forms part of a pattern of behaviour; or
 - (b) the student suspected of misconduct has had a previous finding of misconduct as set out in section 4.2 of this Statute; or
 - (c) the suspected misconduct is a single incident that has the potential to undermine the health and safety of another member of the University community or the reputation of the University as a community of scholars; or
 - (d) the suspected misconduct is Academic Misconduct related to a thesis that could not be corrected through minor revisions, or
 - (e) the suspected misconduct is or could be sufficiently serious that, if established, could justify the outcomes set out in paragraphs 7.3 or 8.4 of this Statute.

5 Making a complaint

- 5.1 Any member of the University community can make a complaint alleging misconduct in accordance with this Statute and any relevant Procedures.
- 5.2 Any person who is not a member of the University community can provide information regarding suspected misconduct by a student to any staff member. That staff member will refer the information to Legal Services for consideration as to whether a complaint alleging misconduct should be made in accordance with this Statute and any relevant Procedures.

6 Responding to a complaint

- 6.1 The University will respond to all complaints alleging misconduct by a student in accordance with this Statute and any relevant Procedures.

 - (b) be currently enrolled in a Master's thesis at Te Herenga Waka—Victoria University of Wellington and meet the requirements for conversion to a PhD (refer to the PhD Procedures); or
 - (c) produce evidence to the satisfaction of the Dean, Faculty of Graduate Research (FGR), of adequate training and ability to proceed with the proposed course for the degree.
2. Candidates must qualify for entry and be accepted by the head of school and the relevant Associate Dean (PGR).
3. Where a candidate qualifies for entry under 1(b) above, the candidate will be deemed to have been provisionally registered for the PhD from the date of first enrolment for the Master's thesis.

General requirements

4. The course of study for a PhD consists of a programme of research and the completion of a thesis carried out under supervision as set out in the Doctoral Regulations.
5. The research will normally be conducted at Te Herenga Waka—Victoria University of Wellington.
6. The thesis must be a body of work that demonstrates the candidate's ability to carry out independent research, and constitutes a significant and original contribution to knowledge or understanding. This contribution may include critical, experimental, theoretical, or creative components, but the end result must be a single integrated study.
7. The work for the thesis must not have been submitted for another qualification at this or any other university.

Enrolment and registration

8. A candidate must be continuously enrolled until the completed thesis is lodged in the University Library, unless they withdraw from the qualification, or have their enrolment terminated by the University, or fail the qualification.
9. A candidate shall in the first instance be provisionally registered for the degree.
 - (a) Full registration is gained by demonstrating satisfactory progress during the provisional period, and meeting criteria as set out in the Doctoral Regulations.

- (b) Up to 60 points of coursework may be required as part of the PhD and any coursework undertaken must normally be completed within the period of provisional registration.
- (c) When full registration is confirmed, the period of provisional registration is counted as part of the minimum and maximum periods as defined in section 10 below.
10. Except with the permission of the Dean (FGR), the minimum and maximum periods from the time of first enrolment (excluding any approved period(s) of suspension) until submission of a PhD thesis for examination shall be as follows:
- (a) A full-time candidate shall be enrolled for a minimum of 36 months.
- (b) A full-time candidate may be enrolled for a maximum of 48 months.
- (c) For a candidate permitted to enrol part time for part, or all, of their programme, the minimum and maximum periods shall be calculated on a pro rata basis.
11. On application from a candidate, the Associate Dean (PGR) may approve a suspension of registration, for a period of not less than one month. During a student's candidature, the total period of suspension shall not usually exceed 12 months. During a suspension the candidate will pay no tuition fees.
12. Extensions to the maximum period prior to submission of the thesis may be granted by the Dean (FGR) and shall not usually exceed 12 months. Consideration of extensions shall take account of the candidate's personal circumstances and the nature of the research project and consent shall neither be unreasonably withheld nor given without good cause. All calculations will exclude any periods of approved suspension.
13. A candidate's enrolment may be terminated if they fail to make satisfactory progress or if they do not fulfil the requirements of the examination process.
14. Enrolment for the PhD degree may be converted to an enrolment in a Master's degree.
Note: refer to Doctoral Regulations: for PhD and other Doctorates with Theses, and procedures.

Examination

15. The examination for the PhD degree will comprise an examination of the thesis and an oral defence of the thesis as set out in the Doctoral Regulations.

 - (b) The maximum period for Parts 1 and 2 combined is 48 months full time.
7. Extensions to the maximum period of enrolment may be granted by the Dean, Faculty of Graduate Research (Dean FGR) on the recommendation of the associate dean, and shall not usually exceed 12 months. All calculations shall exclude any periods of suspension.
8. In every year of enrolment in Part 2, in May and November, a report on the progress of the candidate shall be completed and submitted to the associate dean. A candidate's enrolment may be terminated if they fail to make satisfactory progress or if they do not meet the requirements of the examination process.

Requirements for Part 2 (Thesis)

9. The research will normally be conducted at Te Herenga Waka—Victoria University of Wellington or at the candidate's workplace but, with permission of the associate dean, part of the research programme may be carried out at other locations.
10. A candidate must be continuously enrolled until the completed thesis is lodged in the University's Library, unless they withdraw from the qualification, or have their enrolment terminated by the University, or fail the qualification.
11. On application from a candidate, the associate dean may, in exceptional circumstances, approve a suspension of registration, measured in monthly increments, for a period of not less than one month. During a student's candidature, the total period of suspension shall not usually exceed 12 months. During a suspension, a candidate will pay no fees and will have no access to University services, including supervision, office and laboratory space, and the Library.
12. The thesis must be a body of work that demonstrates the candidate's ability to carry out independent research and constitutes a significant and original contribution to knowledge or understanding. This contribution may include critical, experimental, or theoretical components but the end result must be a single integrated study of relevance to professional practice.
13. The thesis may include the candidate's work that has been published or accepted for publication prior to the submission of the thesis for examination, provided that the research has been conducted under supervision during the period of enrolment. Work submitted for another qualification, whether completed or not, at this or any other university may not be so included.
14. The thesis shall not exceed a total of 70,000 words in length (including scholarly apparatus). In exceptional circumstances, the Dean FGR may grant permission for a longer thesis to be submitted for examination.
15. A thesis is a public document. However, where there are cogent and compelling reasons why a thesis should not be publicly available for a given, limited period, and where these are known at any time before submission of the thesis for examination, candidates should apply to the Dean FGR to withhold access as soon as the need for an embargo becomes apparent. A thesis may be withheld for a maximum of two years.

Examination

16. At any time after the minimum period of registration, a candidate may submit their thesis and apply for examination.
17. The application for examination shall be accompanied by a statement from the supervisors that the candidate has pursued the course of study in accordance with the requirements of these regulations.
18. Any thesis submitted for examination which includes published work or work submitted for publication must comply with the Guidelines for Including Publications in a PhD Thesis.
19. Where any of the published material included in section 18 is co-authored, the candidate must provide a detailed statement of each author's contribution to such work, and contact details of co-authors (see the Recognition of Authorship Policy).
20. The format of the thesis is determined by the Library Statute.

21. The examination of the EdD degree will include an examination of the thesis and an oral defence of the thesis as set out in the doctoral regulations. The thesis shall be examined by three examiners appointed by the Dean FGR. One of these examiners will normally be from outside New Zealand. The principal supervisor or co-supervisor must not be an examiner.
22. The Dean FGR shall, on the basis of the examiners' reports and the recommendation of the chairperson of the oral committee, determine whether the degree will be awarded.
23. Where the decision has been made to award the degree, it will be awarded upon the deposit of copies of the final thesis in the University's Library in accordance with the Library Statute.
24. The associate dean may, on the application of the candidate or the supervisors at any time before the submission of the thesis, or on the recommendation of the examiners after the submission of the thesis, approve the enrolment of the candidate in a subject for an appropriate Master's degree instead of the degree of Doctor of Education, where the regulations for such a Master's degree provides that the degree may be taken by thesis and where the candidate does not already hold that degree in the same subject at the University.
 - (a) Where any thesis has been submitted for the degree of Doctor of Education, that thesis may be accepted in fulfilment of the requirements for the Master's degree, notwithstanding any other provision in the regulations for that Master's degree.
 - (b) Where the thesis has not been submitted for examination for the degree, the candidate shall be deemed to have been enrolled in and to have followed a course of study for that Master's degree for the appropriate minimum period, provided that the candidate has been enrolled for the degree of Doctor of Education for that period.
