A vocabulary perspective on Language across the curriculum:

(FV = *Focus on Vocabulary* (set text))

Week 7: Types of vocabulary, vocabulary knowledge (FV Ch 1)

Week 8: Counting words, tools for teaching vocabulary (FV Ch 2)

Week 9: Measuring vocabulary knowledge, technical vocabulary (FV Chs 3 and 7)

Week 10: Shared, guided and experience tasks (FV Chs 4 and 5)

Week11: Learner strategies, interference (FV Ch 6)

Week12: Measuring progress, planning the vocabulary component of a course (FV Chs 3 and 7)

Course learning objectives (CLOs)

Students who pass this course should be able to:

1. decide what language features need special attention,
2. plan a range of ways of giving attention to these features,
3. design appropriate assessment which takes account of both content matter and language learning, and
4. ensure that language issues do not hold back content matter learning.

Teaching format

The course is delivered in two six-week modules. Each module consists of twelve lectures, given twice a week together with a weekly tutorial. Students are expected to have completed relevant readings prior to class as well as any required tasks, and to participate in class discussions and group work. Course members are expected to attend all lectures and tutorial classes.

Mandatory course requirements

In addition to achieving an overall pass mark of 50%, students must:

1. hand in the two assignments by 5pm on Friday 17 October 2014
2. sit the test in class
3. make a satisfactory attempt at the two assignments. 'Satisfactory' means that if the work does not reach a C- standard, it must nevertheless reflect the fact that the assignments have been taken seriously and that a reasonable amount of effort has been devoted to the topic

Workload

In order to make satisfactory progress in this course you should expect to devote, on average, 13 hours a week to it, and overall about 200 hours. This includes attendance at lectures and tutorials, preparation for tutorials, background reading and preparation for the test and assignments. Some students will find that they need to do more than this, and students aiming for high grades will almost certainly need to do more.

Assessment

The course will be assessed by two assignments and one test.

Assessment	Due Date	%	Word limit	CLO(s)
Assignment 1	In class on Monday 8 September	40%	2000 words	1, 2, 4
Assignment 2	5 pm Friday 17 October	40%	2000 words	1, 2, 4
Test	In class on Friday 10 October	20%		1, 2, 3

Assignment 1: focuses on CLOs 1,2, and 4 by giving class members a chance to integrate the learning from the whole course and apply this to a text or practical situation to ensure that language issues do not hold back content matter learning.

Assignment 2: focuses on CLOs 1, 2, and 4 from a vocabulary perspective.

The test: focuses on important ideas covered in the course relating to CLOs 1, 2 and 3 from both a discourse and a vocabulary perspective. Marking criteria for all assessment will be provided in class.

Submission and return of work

All student assignments are to be submitted in hard copy form during class and electronically through Blackboard. All assignments will automatically be submitted to Turnitin to check for plagiarism. If you are unable to submit the hardcopy in class, then it should be submitted in the dropbox on the second floor of the von Zedlitz building. It is situated on the wall of the School office, which is VZ210. Feedback will be given to students via Blackboard.

General guidelines

When submitting typed or word-processed assignments:

- Set margins to at least 2.5 cm
- Set line spacing to 1.5

- Set font size of 12 point
- Include page numbers
- Include a title page which shows the course number and name, your name, the course lecturer the title of the assignment, and the date the assignment is due
- Provide a word count at the end of the assignment (not including the Reference section)
- References should be cited where appropriate using APA guidelines

Hard copy submissions

- Put a LALS cover-sheet on the assignment, and complete the information requested there
- Type on one side of A4 paper
- Staple pages together
- Avoid presenting assignments in bulky folders or sleeves unless necessary
- Avoid inserting individual pages in clearfile sleeves

Extensions and penalties

Extensions

No specific penalty will be imposed if you obtain permission to submit the assignment after the deadline. If you find that you need an extension, you **must** get explicit permission from the course coordinator before the due date. Extensions will only be granted when the assignment is not completed due to unforeseeable circumstances such as illness or family emergencies.

Penalties

The assignments must be submitted by the due date. If you require an extension for good reasons, ask the course coordinator ahead of the date for handing in the assignment. Assignments handed in after the due date must be accompanied by a medical certificate or other evidence of exceptional circumstances. Only assignments carrying a cover-sheet signed by the course coordinator have a valid extension permitted to them. Unless you have a valid extension granted for your assignment, the following penalties will apply:

- One grade less (5%) per working day and without expectations that comments be provided for late assignments.
- After one week, no mark, but the assignment can still count for mandatory course requirements if submitted by the end of term.

Plagiarism is not acceptable in assessed work, and will be penalised. The penalty will depend on the severity of the plagiarism. Assignments which are plagiarised will not receive a grade and cannot be resubmitted.
