Course learning objectives (CLOs)

Students who pass this course should be able to:

1. Develop a research proposal for a specific piece of research in criminology
2. Demonstrate an ability to plan and carry out research on a specific topic in criminology (as assessed through the research essay)
3. Demonstrate an ability to coherently contextualise and present the results of criminological research in a written format, and in the context of relevant academic literature (as assessed through the research essay).

Teaching format

Students will be required to attend seven two-hour seminars that will provide information about developing a research proposal, research ethics, and critical issues in quantitative and qualitative research. Apart from these seminars students will be expected to work independently on the research essay in consultation with their supervisor.

Mandatory course requirements

In addition to achieving an overall pass mark of 50%, students must:

1. Attend all seminars
2. Provide a 5-10 minute PowerPoint presentation of your proposed research to the class
3. Submit a 1,500 word research proposal by the due date
4. Submit the research essay by the due date

Workload

University guidelines stipulate that a 30-point course should require 12 hours per week, including class time, of student work. (300 hours across two trimesters).

This includes attending class (one two hour lecture per week and one tutorial per week), and doing the work to complete your CRIM 489 research essay. Obviously the time you spend on these activities will vary throughout the trimester and according to your individual study habits, and the nature of your research project, but you might find the following useful in deciding how to allocate your time:

Task	Estimated workload*
Lecture attendance	14 hours (2 hours per week for 7 weeks)
Working on CRIM 489 research essay	286 hours

*Based on an overall workload of 300 hours for CRIM 489.

Assessment

The assessment for this course comprises a research essay which is worth 100% of the total marks for the paper.

Two copies of this report will be required. The Programme reserves the right to retain one copy.

In addition to the completion of the research essay, students will be required to make a 5-10 minute PowerPoint presentation on their proposed research during weeks 5, 6, or 7 of trimester 1 and complete a 1,500 word research proposal to be submitted to their supervisor by 4pm Tuesday

29 April 2013. It also expected that students will submit major portions of their research essay to their supervisor at regular intervals throughout the year.

Submission and return of work

Work should be submitted to the Essay Box, School Administration Office which is on the 9th Floor of the Murphy Building. Please include the School's Assignment Cover Sheet (a sample is attached at the back of this Outline) when submitting your assignments. This ensures that you have provided essential information. You may wish to have a front page of your own on your assignment, but the top sheet must be the School's Assignment Cover Sheet. Further copies can be found at the School's Administration office and also on the School's Essay Box table, on level 9 of Murphy building.

You must submit **two** copies of the research proposal and **two** copies of the completed research essay.

Marked assignments not collected in lectures or tutorials can be collected at the Murphy 9th floor reception desk, between **2.00 and 4.00 pm only** from Monday to Friday.

Extensions and penalties

Extensions

Assignments must be handed in by the due date. You are expected to keep to this deadline, as otherwise it is unfair to other students. Extensions will be granted only in exceptional circumstances, and should be sought from Russil Durrant (course co-ordinator). An example of an exceptional circumstance would be illness, supported by a letter from a medical practitioner. Please note that lack of organisation, word-processing failures and other work demands are not "good reasons".

Penalties

Late submission of work without permission will be penalised by the following deductions:

One grade = period up to and including 24 hours past due date.

Two grades = period from 24 hours up to and including 72 hours past due date.

Work that is handed in later than 72 hours without prior permission will not be accepted.

Materials and equipment and/or additional expenses

Additional materials, equipment and/or expenses may be involved depending on the nature of the specific research project undertaken by the student. Students should discuss with their CRIM 489 supervisor.

Set texts

There is no set text for this course.
